

# 2023 HWY 14 CLASIC—February 22, 2023

2 CCA Credits

Crop, Livestock, and Soil Innovation Conferences

Available!

The Crop, Livestock, and Soil Innovation Conferences (CLASIC) provides a unique opportunity for those in the ag industry to network on the latest trends and innovations. The CLASIC consists of 3 stops that bring both expert keynote speakers and local farmers to a city near you for a convenient way to learn how they are successfully implementing the latest crop, livestock, and soil innovations.

**Keynote Speaker: Jay Fuhrer**

**“Fostering Life”**

As a long time conservationist growing up in the Dakota’s on a small grain and livestock farm, Jay Fuhrer built a career taking care of the soil. From 1980 – 2020 he worked at the Natural Resources Conservation Service/USDA out of Bismarck ND. Jay has shared his knowledge of healthy soil-building with farmers throughout the U.S. and more than a dozen countries across the globe. Jay will speak on the future of carbon, and what does it take to move the carbon needle? No-till is not enough.

**Keynote Speaker: Jason Stoll**

**“Regenerative Agriculture: People, Land, and Community”**

Jason Stoll is a consultant with Advancing Eco Agriculture founded by thought-leader, farmer, educator, author, and entrepreneur, John Kempf. Jason works with farmers and horticultural professionals to improve farm economics, regenerate soil health, increase plant health, and reduce insect and disease pressure. Jason will share about regenerative agriculture beyond soil and plant health; including his farm’s transformation and his experiences in co-op sales.

**These conferences are free for anyone to attend. A RSVP is required to guarantee a lunch.**

**Please RSVP by February 15, 2023**

**RSVP Here:**

**Sleepy Eye—February 22, 2023**

Sleepy Eye Event Center  
110 12th Ave NE  
Sleepy Eye, MN 56085
